Headline:

Dan Bianchi joins SME as the Outreach Director

Article Text:

Chicago, IL: SME (Society of Manufacturing Engineers) local Chapter 5 in Chicago announced Dan Bianchi has accepted the position of Outreach Director. Dan will be responsible for working with local high schools, universities/colleges in the Chicagoland Metropolitan Area. His role will be to engage schools, focused to STEM and Project Lead the Way (PLTW) primarily, as well as membership growth.

Dan Bianchi is passionate about engaging young people in manufacturing. He has spent the last three years as the Assistant Director of the Chicago Manufacturing Renaissance Council, where he helped build Austin Poly Technical Academy, a High School Manufacturing Program.

At the Renaissance Council, Dan was also active in company/member recruitment and in creating manufacturing education opportunities for community college students. Prior to working at the Renaissance Council, Dan was employed by Ideko, a leader in the Spanish machine tool industry. Dan has a Master's in Business Administration from the University of Mondragon in Spain, and an undergraduate degree from Skidmore College. Dan Bianchi is a native of Chicago.

Contact Dan at SME email dan.bianchi@smechapter5.org or personal dchicagobianchi@gmail.com, by phone 773-294-3773
